First figure out when we need to leave Concord. If the ferry is at 10:00, and the CTDOT vanpool needs to be at the terminal at 9:30, then we need to be at the State Pier Office at 9:00 or 9:15 at the latest. After last week's trip to Groton we'll need 2+ hours to get from Concord to the New London State Pier (~145 miles) without traffic. Even leaving Concord at 7:00 will be a stretch. I'd suggest leaving Concord at 6:30 AM.
